

JLCooper @ NAB 2012

New Products and Updates - See our Complete Catalog and Web Site for Additional Information

SloMo Elite - Sports/SloMo Control Surface

Elite SloMo is a new Sports/SloMo control surface, expressly made for Developers and OEMs. Its advanced design provides a number of options for OEM customization, without the costs normally associated with developing customized hardware. Includes built in USB and Ethernet Interfaces.

Options include LED illuminated relegendable or remotely relegendable NKK Hi-Res RGB LCD buttons, Standard, Detented or Touch-Sensitive, Motorized T-Bar, JLCooper or Sony Jog/Shuttle Mechanism, Electro-Mechanical Jog/Shuttle Mechanism (Coming Soon), 4.5" x 2.5" LED Backlit 240 x 128 White Graphic Display, Optional Touch Screen, internal switching power supply, Firmware updates can be installed via USB or Ethernet.

MCS5 USB Media Control Station - New! with Relegendable LCD Button Labels

MCS5 features professional transport buttons, a precision optically encoded jog wheel, 8 assignable function keys with live LCD labels (Key Function and label change on the fly for different editing operations). Arrange editing functions into different banks, to group frequently used commands. For example, have one bank for ingest, a bank for editing, etc.) Use and customize supplied keysets for advanced control of applications including Final Cut Pro X, iMovie, Premiere Pro, Pro Tools, Nuendo and others, or make your own. JLCooper controllers let you work faster. They provide the ease-of-use and tactile elegance that's missing from "software only" user interfaces. Professionals can depend on JLC control products to provide reliable service that far outlasts plastic alternatives.

Eclipse MLX Midnight - 8 Fader Controller/Expander w/LCD Buttons

Eclipse MLX™ is our newest fader controller, featuring high-quality, touch-sensitive, 100mm motorized faders and high-resolution backlit LCD display buttons. It displays channel labels, color coded track arming status and other mission critical information. The LCD buttons can display 64 colors and up to 32 characters of text and graphics. Optional USB, 10/100 Ethernet, RS-232 and RS-422 interface cards provide connections to host systems. Compatible with Sony's ELC Enhanced Live Production Control System and other applications.

sBOX8D - Desktop Version - sBOX8R - Rack Version - Remote Trigger Boxes for gBOX & eBOX

Connect the new sBOX to gBOX (GPO Trigger Box), or eBOX (Quad Serial/Ethernet/GPI Interface), as a simple, relegendable remote to trigger GPO events. In addition, with eBOX, you can use sBOX to trigger the sending of user programmed serial or ethernet messages. sBOX features 8 LED backlit buttons, an illuminated bank switch that allows a single sBOX to control up to 24 GPO's. Multiple sBOX units (up to 3) can provide dedicated buttons for up to 24 GPO's.
