**ES-4/100 and ES-8/100 Edit Suite Fader Controllers for Pro Tools™**

*Compact Automation Controllers for Audio Professionals - <http://www.jlcooper.com/pages/es8100.html>*

NAB - Las Vegas, NV (April 24, 2006) – ES-4/100 and ES-8/100 are new JLCooper Edit Suite Series compact automation controller. Audio mixing has never been this fast and easy. They feature touch-sensitive motorized faders, channel switches, function keys and bank buttons for control of Select, Solo, Mute and other software functions. It's easy to refine and perfect your mix with the right tool for the job. New MIDI versions are optimized for use with Pro Tools™.

“The new ES-4/100 and ES-8/100 are the most compact motorized control options we’ve ever offered for Digidesign Pro Tools and other audio recording systems” says Chuck Thompson, Vice President and General Manager of JLCooper Electronics.

JLCooper Electronics is a twenty-five-year-old company that designs and manufactures a complete line of control, synchronization, interfacing and automation products. Thousands of leading companies in audio and video production, television and radio broadcast, animation, sound reinforcement, lighting, aerospace, education, scientific research, medical, recording artists and others rely on JLCooper products every day.

JLCooper products are sold through factory representatives, distributors and dealers worldwide.
